January, 2011

Students/Parents:

We would like to congratulate all of our students on a very successful semester thus far. As our final exams draw near we want to take this opportunity to highlight a few items:

- 1) Our final exam schedule is set and all students are required to write during the designated time. Students are required to write at the specified time to finish their course in order to receive credit. It is extremely difficult to rearrange these exams and the expectation is that students attend.
- 2) January can be a month of unpredictable weather. If there is severe weather please tune in the local radio station for instructions.
- 3) As a staff, we are dedicated to providing support as you prepare for your finals. Therefore we will be running study sessions in the Library from 3:30 to 4:30 on Monday, January 17 through Thursday, January 20. This time will be used to finish up assignments and prepare for final exams.
- 4) Timetable changes for Semester II will begin during final exams and appointments can be made in the office starting Monday, January 17. Students have until Friday, February 4 to make any changes to their timetable, after which no changes will be allowed.
- 5) Homelogic will be unavailable as of January 21st to allow us to finish our courses and enter final grades. Homelogic will then become available again on January 31 for students and parents to view final grades for Semester I courses.
- 6) The staff has been dealing with incidents where students miss school during the day but attend extra-curricular events in the evening of the same day. This is not an acceptable practice. Students will not be allowed to participate in extra-curricular events if they miss classes that day.
